## Expert Advice: Building A Great Team

**Introducing** certified business coach, Peg Buehrle, who will be giving NARI members tips on ***Creating a Great Team*** during the March 17 Member Meeting. You've been telling us that workforce is a *HUGE* issue so we've brought in Peg to share her expertise on **Finding and Keeping the Right People** for your business.

### **Be Sure To Wear Green:**

**Is your firm's renovator certification about to expire?** According to the new laws that have come out from the EPA, all individuals who received their initial training prior to March 31, 2010 must complete an EPA accredited renovator course before March 31, 2016 to maintain renovator certification. If you completed the course between April 1, 2010 and March 31, 2011 you must complete the recertification within six years of your anniversary date of original course completion. Anyone who completed the course on or after April 1, 2011 is afforded no extension and the expiration remains five years from the date of course completion.

Don't miss the opportunity that NARI of Central Ohio is offering to easily complete this refresher course right here in Central Ohio.

**Lead-Safe RRP Refresher is being offered for \$160**
