NARI Chapter Community Service Award

NARI of Central Ohio is honored to receive the **Chapter Community Service Award** from NARI National. The award was presented during the National President's Council and Achievement Awards Luncheon at the national conference held in Scottsdale, AZ during the week of April 10th.

The project helped the Women's City Club of Delaware, which offers a low cost, warm and safe place for women to live while they get back on their feet. They have been giving a hand-up to women in transition for more than 60 years. NARI members generously contributed time

and materials to provide a new kitchen and warm gathering place for these women to enjoy food and comraderie.

Congratulations to all members who contributed to this project. Your generous contributions are truly award winning! To view more on this project [click here](#).
