

Unemployment Cost Control Services - Unemployment tax rates is a business expense that employers can work towards in controlling. We partner with CareWorksComp to provide not only workers' compensation services but also unemployment services. CareWorksComp, Ohio's leading third party administrator (TPA) offers a professional unemployment compensation cost control program. All members have an opportunity to sign up for unemployment services to receive help in processes such as protesting unemployment claims, preparing for hearings and monitoring charges applied by the Ohio Department of Job and Family Services. Members currently participating in group rating or group retro administrated by CareWorksComp already receive unemployment consulting services but can upgrade to a full service program.

To learn more about how your business can benefit from these services, please contact Kammy Staton at CareWorksComp, 800.837.3200, ext. 57165 or via email at Kammy.staton@careworkscomp.com.
